

FIVE-AXIS ADJUSTABLE SELF-CENTERING VISES

Made in **III** Taiwan

ASG-772180S \$1,229.00 each

Buy a Vise & Base Plate
TOGETHER for \$1,899.00!
Includes 4 free pull studs (\$76.00 Value)

- Vise body is made of High quality Tool Steel. The sideways are high frequency through hardened to 50 HRC for improved durability.
- Detachable jaws are made of High quality Tool Steel carburized to 55HRC. Since both jaws are fixed size they can be used as a datum. Users can reverse the jaws to increase the clamping range. Four-bolt fixation of the jaws eliminates jaw lift.
- 3. The vise's clamping force can achieve 1300KG, the repeatability positioning precision of its clamping center is within 0.015mm.
- 4. Users can calibrate the clamping center of vise by adjusting the screws on both ends.
- **5.** The 45° dovetail structure with teeth on the upper jaw ensures the bottom of the workpiece to be firmly clamped.

ASG=127/x1603 \$1,553.00 each
